Why choose Phoenix?

For 20 years Phoenix have been at the forefront of inspirational bathroom design. Over this time, not only have Phoenix pushed the aesthetic boundary but have also developed unique and innovative products & designs.

Whether you're aiming for eye-catching design, opulent comfort or minimalist practicality from our comprehensive portfolio, Phoenix have the products for you.

Why choose your local bathroom specialist?

Phoenix bathroom products are available through a national network of Phoenix approved dealers.

By visiting an approved dealers showroom and using their expert knowledge, your local bathroom specialist can provide advice to guide you through the planning & installation process.

Not only can you view the choices available in your approved dealers showroom, quality will be re-assured through your own touch and feel experience.

By choosing a local bathroom specialist, all stages are supported by a face to face after-sales service and care.

For technical information and to view our comprehensive range of bathroom products, visit:

FITTED FURNITURE

Phoenix
DESIGNED FOR YOU

INTRODUCTION

Making the most of your bathroom, en-suite or cloakroom, requires furniture that is not only highly functional and aesthetically pleasing, but offers you all the storage space that the modern household needs.

Phoenix bathrooms offer a range of highly attractive design solutions for furniture that makes the most of your bathroom space. Our extensive and carefully thought-out range of cabinets gives you a choice of depths, and allows you to design the perfect collection of features to suit your space.

Soft-close doors and metal soft-close drawer boxes are complemented by a range of designer handles, and we also offer a collection of unique basins and sanitaryware. These all come with accompanying options for mirrors and lighting in order to really make efficient use of your space.

Phoenix are proud to be an ethical manufacturer whose principles are founded on the reduction of our carbon footprint throughout the supply chain and a responsible approach to both quality and the satisfaction of our clients.

FITTED FURNITURE CONSTRUCTION

DEEP

The bold look of this bathroom was created using Stone Matt 460mm deep units with a continual Neo Quartz worktop. It features Tenbury handles and 2 x Nemi counter top basins and is finished off brilliantly with wall mirror cabinets and furniture lights. A full length matching splash back has been cleverly created using the Neo Quartz worktop.

CREATING YOUR DREAM BATHROOM

Phoenix

7 Simple Steps:

Step 1

Selecting a cabinet colour from the Phoenix collection is the first step in choosing your dream bathroom.

Step 2

Select a basin and base unit from our slimline, standard or deep ranges. Choose your complementary base units to create your perfect bathroom setting. Finish off with our wall cabinets and mirrors.

Step 3

To enhance your design select from the Phoenix range of plinths, corner posts, fillers, cladding panels or bath panels.

Step 4

Choose from our range of matching or contrasting solid surface worktops to give your bathroom that unique appeal.

Step 5

Choose your inclusive handle from the Phoenix designer bathroom handle series.

Step 6

Select a counter top basin from the Phoenix sanitaryware range to make an elegant enhancement to your bathroom design.

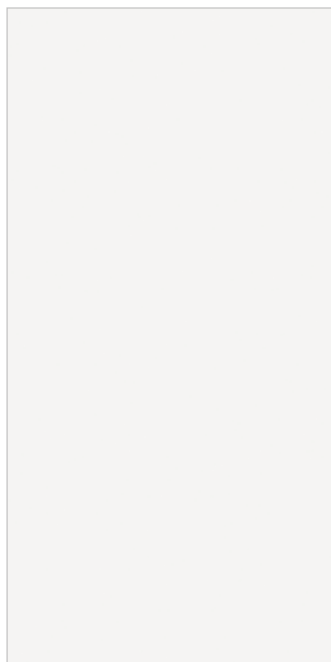

Step 7

Lighting is the perfect way to showcase the bathroom of your dreams and with the Phoenix lighting range you can easily find the perfect look.

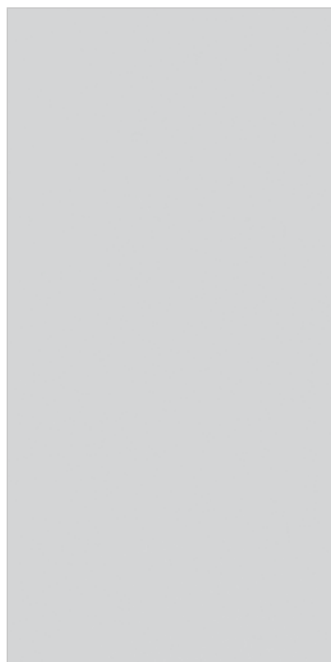

STEP 1 Choose Your Colour

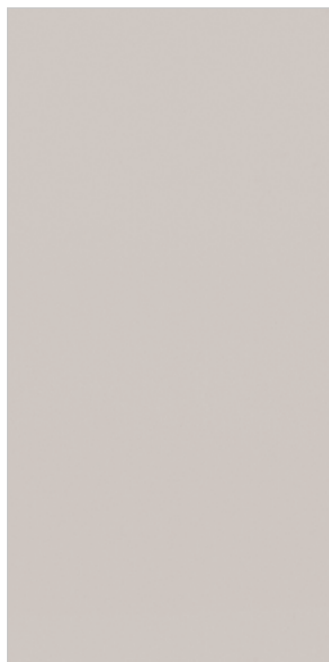

From contemporary matt finishes to stunning high gloss and warming, natural wood, Phoenix have a perfect choice to complement any bathroom design.

Dorton
227mm
HA004

5
Epsom
220mm
HA005

6
Tenbury
170mm
HA006

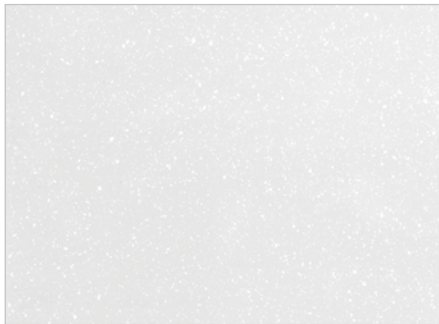

Your choice of handle is included in the price of our units.

STEP 5 Choose Your Worktop

Choose from our range of complementing or contrasting solid surface worktops to give your bathroom that unique design.

12mm Solid Surface

Our worktop material is a solid waterproof and antibacterial material made of mixed granite granules and acrylic resins. It is extremely versatile and workable and can be cut and shaped using standard woodworking tools. Cut edges can be simply sanded and polished to the desired finish and minor scratches and damages can also be repaired. Available in 6 stunning finishes.

Sparkling White (SW) - Standard

Crystal Black (CB) - Standard

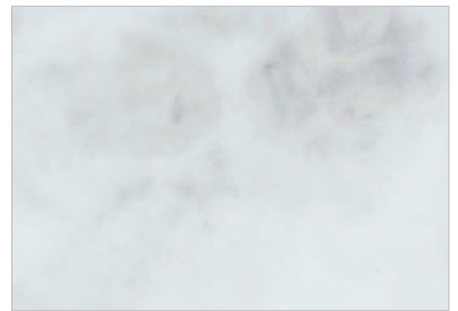

Neo Quartz (NQ) - Standard

Datolite (DT) - Standard

Amber Sands (AM) - Standard

White Carrara (WC)

Choose your worktop colour then add your relevant colour code to your size code.

Example: 202 x 245 (WT001) in Sparkling White (SW) = WT001SW.

Worktops can be used as pelmets & splashbacks.

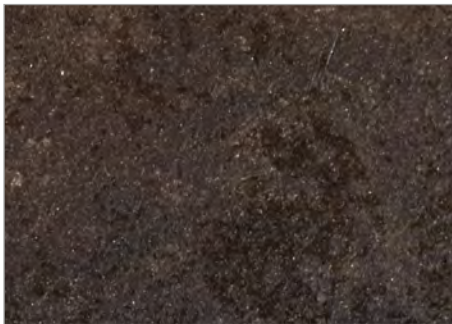

245mm Depth				315mm Depth				460mm Depth			
Length	Code	Standard Finish	White Carrara	Length	Code	Standard Finish	White Carrara	Length	Code	Standard Finish	White Carrara

Worktops

18mm Laminate

A high pressure laminate is bonded to a solid particle board to form these worktops, and the underside is sealed with a resin impregnated Melamine foil.

The surface laminate is wrapped round the board to create an attractive double-postformed front edge which also features an extra resin moisture barrier on the underside. Laminate worktops are supplied with finished fronts & ends. Available in 5 attractive finishes.

Metal Slate (MS)

Light Grey Chicago Concrete (GC)

Light Concrete (LC)

Grey Nebraska Oak (NO)

Metal Rock (MR)

Choose your worktop colour then add your relevant colour code to your size code.
Example: 604 x 245 (WT015) in Metal Slate (CA) = WT015CA.

Worktops can be used as pelmets & splashbacks.

ELECTRICAL ZONES

All installations must comply to guidelines which are based on a zonal concept. The diagram shows this concept and highlights the 3 zones used.

Zone 1 - Refers to the area above the bath or shower up to a height of 2.25 metres and requires a minimum rating of IPx4 (splash-proof) plus RCD protection.

Zone 2 - Covers an area 0.6 metres wide immediately next to, and all around zone 1. Wash basins should also be treated as zone 2. The minimum rating here is IPx4.

Zone 3 - Has no special requirements, unless water jets are likely to be used for cleaning purposes.

STEP 7 Choose Your Lighting

Lighting is the perfect way to highlight the bathroom of your dreams and, with the Phoenix lighting range, choosing the perfect look could not be easier.

TRADITIONAL
RIMLESS

RYWARE

Our sanitaryware range combines conventional functionality, quality and comfort with the style and innovation that you want in your bathroom today, and for the future. Our products make dynamic use of space, elegance and practicality to offer you the range of options you expect.

MEGAN

Phoenix

DESIGNED FOR **YOU**

MEGAN

C **COMFORT HEIGHT WC** People with reduced use of their legs or backs may find these toilets more comfortable to use as they're a little higher than standard toilets.

D **SHORT PROJECTION** If you're looking to save space or want a more compact design, then consider our Short Projection designs which offer the style, comfort and quality of our other ranges with space saving features.

R **RIMLESS TECHNOLOGY** Rimless sanitaryware is hygienic because the entire inside of the bowl is flushed completely and the precise flow of water avoids splashing right up to the rim.

Cleaning is made easy with its quick release hinge system and ultra slim design. It fits neatly into any bathroom suite with the ultra-slim profile and soft-close seat proving very popular features.

Low Pressure Systems All products in the Phoenix showering range have been designed to work from a low pressure 0.2 Bar system, unless they carry one of our symbols. You'll find them throughout our brassware section to help you when choosing your items. For showers on a low/medium pressure system, we recommend that a negative head pump is installed.

Low Pressure Systems All products in the Phoenix showering range have been designed to work from a low pressure 0.2 Bar system, unless they carry one of our symbols. You'll find them throughout our brassware section to help you when choosing your items. For showers on a low/medium pressure system, we recommend that a negative head pump is installed.

ERING

Our showering range has options for all tastes and bathroom spaces. A huge choice of showering heads and valves allows you multiple style ideas whilst shower columns provide an ultra modern touch to the home.

Fitted with Sidal and Vernet cartridges, 2 of the worlds leading manufactures, and Neoperl aerators, the Phoenix brassware collection is not only aesthetically pleasing but performs to the highest standards and is backed by our 10 year guarantee.

TOUCH

Introducing the new Phoenix Touch Valve Series featuring the Taio Round and Matteo Square designs. Both are available with 1, 2 and 3 function valves giving you total choice in designing your perfect showering or bathing solution.

The simple functionality of the Phoenix Touch Valves could not be easier - simply press once for on and again for off. All Phoenix Touch Valves are supplied with our built-in 38°C anti-scald temperature control, powered by **Vernet Cartridges**, the Worlds leading thermostatic cartridge producer. Phoenix Touch Valves are the only choice in design functionality and safety for your new bathroom.

All Phoenix Touch Valves come with an easy fix plumbing kit making these valves the perfect choice for most installations.

LP Minimum of 0.2 Bar	MP Minimum of 0.5 Bar
HP Minimum of 1.0 Bar	HP+ Minimum of 2.0 Bar

For showers on a low/medium pressure system, we recommend that a negative head pump is installed.

AMANZONITE

Over the last 30 years Phoenix have developed an unrivalled reputation for luxury bathing that

incorporates the most versatile and contemporary designs.

This commitment to our customers doesn't start and end simply with shape, size and colour. We also look at the materials used and how these can be manufactured to provide durable products that continue to deliver and offer you, the customer, the product lifespan you expect.

Modern technical advances are always being analysed by our designers and one development we are proud of

introducing to the market is Amazonite, which delivers the ultimate in strength, rigidity and heat retention.

Amazonite is a reinforced layer applied to our baths which enhances their thermal properties. This gives you a consistent bathing experience time and time again and ensures your bath is always the welcoming feature of the home that you need it to be.

Although it was originally developed for heavy duty applications, Amazonite is now respected throughout the industry and is the barometer of quality by which bath manufacture is judged. As a result, it has become our most popular bath option.

Baths available in Amazonite:

Phoenix
DESIGNED FOR YOU

WHIRLPOOL & AIRPOOL SYSTEMS ‡

The Phoenix whirlpool range has been developed using our unrivalled industry experience to provide practical cleaning and maintenance solutions and luxurious design options. Unique design features make Phoenix whirlpools stand apart from the rest:

- V-Jet system fully drains the bath every time
- Phoenix Dry-Run Pump Protection means the system can't run without water
- All airpool jets are made from low profile chrome-plated solid brass and non-return valves prevent unseen water sitting in pipes

- Variable three-speed airpool blowers allow finite adjustments to customise your bathing experience
- An optional inline heater can maintain a consistent water temperature during bathing
- All Phoenix systems are manufactured in our Yorkshire production facility and come fully guaranteed including our engineer back-up service

Additional, easy-to-use lighting features can enhance your bathing experience with underwater, rotating and coloured light options.

Often mistakenly thought to be the reserve of only the rich and famous, whirlpool and airpool systems are luxurious, affordable and definitely one of the finest investments you could make in your personal and family well-being.

Developed from years of experience and using the latest technology, each system has been carefully designed to ensure maximum benefit with long lasting reliability.

With a choice of 3 high performance whirlpool and airpools to choose from, each individual system is manufactured specifically to suit your chosen bath.

For unrivalled choice in customised bathing luxury simply follow our guide on the next page to discover the features and extras each system can provide. With our wide range of options, all you need to do is sit back and relax...

TING

Heating in the home was previously about creating and maintaining a comfortable ambient temperature. Now we have the option of designer towel warmers and stylish radiators that make a statement and add to the visual feast that your home has become, whilst also providing a practical heating solution.

DESIGNER RADIATORS, TOWEL RAILS & LADDER RAILS

There was a time when heating in the home was simply about creating and maintaining a comfortable ambient temperature. Now we have the option of inventive designer towel warmers and radiators that make a statement and add to the visual feast that your home has become, whilst also providing a practical heating solution.

Phoenix have a large selection of CE approved radiators with a model suitable for every room. Our range utilises both electric and thermostatic heating elements to control your temperature in an easily. All Phoenix radiators are tested at $\Delta 60$. For technical information and downloadable Data Sheets, please visit www.phoenix-uk.com

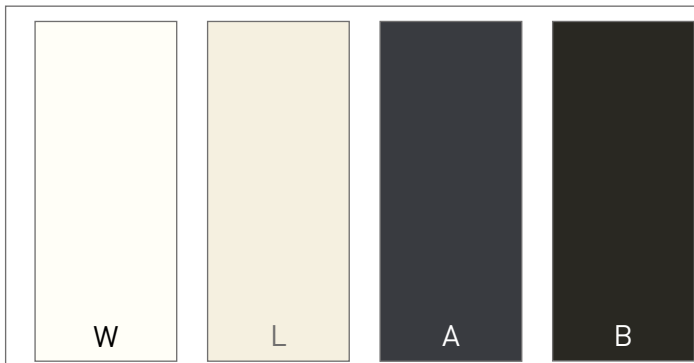

SS 304 STAINLESS STEEL RADIATORS

Our stainless steel radiators are hand-crafted from high quality 304 grade stainless steel, giving a more resilient and longer lasting polished finish. Stainless steel radiators are ideal for all installations and are more commonly used in wetroom areas due to their anti corrosion properties.

CS CARBON STEEL RADIATORS

Phoenix have also introduced a large number of new designs using carbon steel with a powder coated finish. These radiators allow you the option of creating beautiful and complex designs, otherwise unavailable in the marketplace, all around your home.

RAL COLOURS

These equivalent RAL colours apply to our radiators:

- W** White = RAL 9016
- L** Matt Latte = RAL 9001
- A** Matt Anthracite = RAL 7016
- B** Matt Black = RAL 9004

On all Phoenix standard radiators

2 YEAR GUARANTEE

On all Phoenix electric radiators

AL ALUMINIUM RADIATORS

Whilst not only made from the finest raw materials, all Phoenix aluminium radiators are extremely energy efficient, using 10x less water to heat the highly conductive thermal properties. This, combined with beautiful aesthetics, make our aluminium radiators the perfect choice for your home.

DUAL FUEL

All our designer radiators can be used in conjunction with central heating systems. We have also developed dual fuel radiators which can be used with both a central heating system and as a stand-alone unit. Control your heating further with the dual fuel radiators by utilising either a standard heating element or a thermostatic element.

Each radiator style will be marked with the relevant symbols for fuel types available:

-  **CENTRAL HEATING**
-  **DUAL FUEL**
-  **THERMOSTATIC DUAL FUEL**
-  **DIGITAL THERMO DUAL FUEL**
-  **PRE-FILLED ELECTRIC[†]**

ATHENA STAINLESS STEEL

304 STAINLESS STEEL

Phoenix stainless steel radiators are suitable for all heating systems and produced from the highest grade, 304 stainless steel, raw materials. They are hand-crafted to ensure exacting standards.

EXCLUSIVE FEATURES

- Highly polished
- High heat output and corrosion resistant

DUAL FUEL

All Phoenix standard designer radiators can be used in conjunction with water central heating systems. We have also developed dual fuel radiators which can be used with both a water central heating system and as a stand-alone unit.

To use a dual fuel radiator as electric only – for example in the warmer summer months when just a small boost in heat is required – you need only switch off a flow valve to utilise a heating element. This will allow your radiator to be heated independently of the central heating system, providing warmth on tap in a cost effective and carbon-friendly manner.

You can gain even further control of your heating levels with the dual fuel radiators by utilising either a standard heating element or a thermostatic element. To give you even greater flexibility and control, you can also add our wi-fi enabled Digital Touchscreen Programmable Thermostatic Timer to your dual fuel or all electric radiator.

Each radiator style will be marked with the relevant symbols for fuel types available:

-  DUAL FUEL
-  THERMOSTATIC DUAL FUEL
-  DIGITAL THERMO DUAL FUEL
-  PRE-FILLED ELECTRIC †
(Production Item)

All our electric sealed radiators are supplied pre-filled with anti-corrosion fluid to maintain product quality for years to come.

Product compatibility is the responsibility of the installer.

UNDERFLOOR HEATING

Imagine the feeling of stepping out onto a nice warm tiled floor that has been pre-heated to your desired temperature.

Whether you want it as a primary heating source or for avoiding the aforementioned irritation on a frosty morning, Phoenix Underfloor Heating Solutions are easy to install

and provide heat where and when you need it most.

Every Phoenix solution is supplied with a touchscreen programmable digital timer which sets the temperature at the time exactly how you want it, and means you will be positively bursting to make the first cuppa every morning.

CONSERVATORIES

KITCHENS

BATHROOMS

Includes Wi-Fi Timer available in Black or White

COST EFFECTIVE RUNNING

At 2.3p/hour/sqm* (approx), there has never been a better time to consider Phoenix underfloor heating solutions.

* based on energy prices at the time of going to print for an average 3 bedrooms semi of 15.4p/kWh. Calculations take into account the initial heat-up period and average room temperatures.

Specially designed for under a tiled area, cold floors will be a thing of the past with the fully certified, tested and CE approved Phoenix Underfloor Heating Solution, which provides you with:

- A heating mat to your desired size
- Wi-Fi programmable touchscreen digital thermostatic timer
- Thermostat floor sensors
- Complete installation and operation manual
- Control card and full test certificate
- A multi-meter tester

TERMS & CONDITIONS

PHOENIX PRODUCT GUARANTEE:

All product guarantees are subject to the following terms and conditions: The product has been fitted/installed in a well ventilated room with appropriate air extraction, and in accordance with the appropriate fitting instructions, local bylaws, by a competent qualified installer and in line with general good plumbing practice; The product has been maintained and cared for in accordance with the instructions (including regular and appropriate cleaning); If any product has been modified, misused, neglected, wilfully or accidentally damaged; or if Phoenix have not received payment in full; then the product guarantee is invalid.

The guarantee on all products is 12 months from the date of supply from Phoenix unless otherwise stated. The guarantee only covers the material structure of products (excluding shattering glass) and not serviceable moving parts that perish due to fair wear and tear such as cartridges, valves, hinges, seals, bulbs etc.

In the event of a guarantee claim, the liability of Phoenix is limited to the product supplied and does not extend to consequential loss or damage arising from defective product. The guarantee applies to the original purchaser ONLY and is not transferable. This guarantee does not affect your statutory rights and is applicable in the UK Mainland and Republic of Ireland (exclusions apply, see website for details). All products installed in a commercial or rental property environment carry a 12 month guarantee.

The specifications and prices contained within this brochure are for information purposes only and, as our products are continually updated, are subject to change without prior notice. We cannot be held responsible for the use of incorrect dimensions shown for first fix without the actual products on site. All dimensions stated in this brochure are nominal and are subject to manufacturing tolerances. All prices include VAT at 20%.

For technical information and downloadable Data Sheets, please visit: www.phoenix-uk.com

To guarantee your Phoenix product, please register within 15 days of receipt. Visit: www.phoenix-uk.com/pages/guarantee

‡Production Item - All production items are specially produced in our UK factory and have a delivery time of approx. 7-10 working days. These items cannot be cancelled or returned after production has commenced.

RETURNS PROCEDURE:

Phoenix appreciate that choosing your ideal bathroom does not always run as smoothly as you may wish. Whilst we do not operate a sale or return policy, we do provide an option for the return of products under the conditions below:

1. It is our policy to only accept the return of unwanted products in good condition in their unopened original packaging that have been supplied within two months from the date of invoice. Returns requests can be made via the following options:

- www.phoenix-uk.com/pages/online-returns-form
- www.phoenix-uk.co.uk/pdf/2016_Returns_Request_Form.pdf
- Email a completed returns form to returns@phoenix-uk.com

All return requests must be made by the Phoenix Customer who originally purchased the goods stating the original invoice or delivery note number, the product code and description, quantity of items for return along with a clear description of the reason for return.

2. Upon receipt of the returns request our returns team will process the relevant paperwork to arrange the collection of the requested products. We may sometimes require additional information relating to the returns request such as images of the products to highlight any relevant reason for return. It would be a benefit if these can be provided at the time the returns request is submitted to us. Once confirmation that the goods are available for collection a carrier will be booked to collect the items. Should a failed attempt be made to collect the goods for return then a fee to cover the transport costs for the failed delivery may be applied and deducted from the value of the credit.

3. All items that are due to be returned must be suitably packaged to reduce the risk of damage during transit. Any products that are found to be returned damaged due to being unsuitably packed may result in a request for credit being refused.

4. Any products returned in a condition other than that which is stated in the returns request may result in a request for credit being refused.

5. Any items that have been reported and accepted by Phoenix as faulty or damaged will be credited in full upon inspection on return to our warehouse. Please note that any damages or shortages will only be accepted if reported within two days of receipt in writing by email. Notification outside of the two day period will void any claim.

6. All items returned, with the exception of faulty or goods reported damaged when originally delivered, will be subject to a transport and administration charge.

7. Any goods returned as not required may be subject to a restocking charge. To obtain the value of the restocking charge in advance of any return, please contact our returns team by email at returns@phoenix-uk.com providing the details of the product and original purchase invoice. Any restocking charge will be applied to the credit issued in line with our terms and conditions of sale.

As per our conditions of sale and terms of our guarantee, the liability of Phoenix is limited to the product supplied and does not extend to consequential loss or damage arising from products received defective or damaged.
