All Platinum Tanks are manufactured from UV stabilized medium grade polyethylene and are supplied with 1" BSP outlets.

The tanks should be installed on a firm flat surface supporting the entire base area of tank; this base should extend 300mm on all sides.

Every Platinum Tank undergoes a thorough inspection after manufacture and again prior to dispatch.

Single Skin Tanks come complete with a 2 year warranty and the Bunded tanks come complete with a 10 year warranty.

The warranty is for manufacture defect.

Platinum Tanks are compatible with the latest electronic low level and overflow alarms which are available on request.
